

THE PRACTICE IS BACK!

The COVID pandemic is slowing down but we definitely are not out of the woods.

GREAT NEWS!

We have opened our practice fully now to take care of NEW and EXISTING patients.

We continue to offer TeleHealth appointments for all patients and if needed procedures will be performed under the strictest precautions.

Options for making a TeleHealth appointment!

Option #1

Patients can book an appointment online at BHATGI.COM. You have the option of choosing your own date and time. I see TeleHealth appointments on all Tuesdays and Thursdays and also the 3rd Monday of the month. Once you request your appointment you will be contacted by our office. This will reduce the back and forth phone calls and hold time for you.

Option #2

Call 314-729-1717 to schedule your appointment but please be patient since staff may be busy assisting other patients.

If you just need a procedure and your primary care physician agrees!

Please call the office at 314-729-1717 to schedule. Please do not use the online appointment system since this is for patients requiring office visits.

Thank you.
